

Cheat Card Game (BS / Bluff) - Rules

Objective:

Be the first player to get rid of all your cards.

Setup:

- Use 1 standard 52-card deck for up to 6 players.
- Deal all cards as evenly as possible. Small differences are fine.

Gameplay:

1. The starting player announces a card rank and plays 1+ cards face-down.
2. The next player must announce the next rank in sequence (A→2→3→...→K→A...).
3. Players may tell the truth or lie about the cards they play.
4. Any player may call "Cheat" or "BS" if they think the player is lying.

Calling Cheat:

- If the cards do not match the declared rank, the liar picks up the pile.
- If the cards were truthful, the challenger picks up the pile.

Winning:

- The first player with no cards left wins.
